THE WESTCOAST READER IS MOVING (WCR, p. 4)

An announcement about this move was e-mailed to the WCR readership in October. If you did not receive this announcement and would like one, we will be happy to send you an email copy. Please send your request to: wcreader@capilano.ca

Andong Song (WCR, p. 1)

Tell your students Andong Song came to hockey almost by accident. "When I was 6 years old, I kept getting sick as a child, and my mom tried finding a sport for me and hockey came up."

Ice hockey is becoming increasingly popular in China. At last year's Sochi Winter Games, the Canada-Sweden Olympic gold medal game attracted 120 million viewers in China. Remind your students that Canada's population is about 36 million.
